WARNING
 IMPATIENS ARE HIGHLY SUBJECT TO DOWNEY MILDEW. ONCE INFECTED THE PLANTS CANNOT RECOVER AND WILL DIE. NO CURE IS AVAILABLE. ALL IMPATIENS LEAVING OUR GREENHOUSES WILL BE FREE OF THE DESEASE WHEN THEY ARE SOLD.

WE DO NOT RECOMMEND THE PLANTING OF IMPATIENS. UNFORTUNATELY THERE IS NO SINGLE SUBSTITUTE. FOR SHADY AREAS BEGONIAS WORK WELL. COLEUS ALSO DOES WELL AND COMES IN MANY COLORS. NEW GUINA IMPATEIENS AS WELL AS SUN PATIENS ARE A VERY GOOD SUBS. IF YOU PLANT IMPATIENS IN A SUNNY AREA THEN WE RECOMMEND FLOWERING VINCA. SEE OUR NEWS LETTER FOR MORE INFORMATION

PERENNIALS 2 gal pots					
One of the few items we do not grow ourselves. These plants are in 2 gal pots and are Beautiful. Most all will be in color.					
A great addition to any garden.					
430		RUDBECKIA GOLSTRUM	\$ 13.00	448	ECHINACEA MAGNUS-
		Also called black Eyed Susan. Among the best border perennials available. Plants make a bushy, upright clump with a profuse display of brown-eyed, golden-orange daisies from midsummer through the fall. While the plants are well rooted and strong they be small for early orders			One of the best perennials on the market today featuring rose-pink flowers with a coppery-brown cone While the plants are well rooted and strong they be small for early orders
432		SHASTA DAISY ANGEL DAISY	\$ 13.00	450	ICE PLANT
		This is a double daisy flower with a long blooming time perfect for small borders and containers. It enjoys a sunny location like so many perennials deadheading is recommended for continuous blooming. This daisy will grow 7 to 12 inches tall and spread quickly.			Similar to a succulent this perennial is best grown in dry well-drained soil. They have a good tolerance for heat and grow best in full sun. Growing only 3 inches tall they spread quickly blooming a daisy shape flower from late May to September. It will bloom late spring thru summer growing 4 to 6 inches tall.
434		DIANTHUS NEON PINK STAR	\$ 13.00	452	LAVENDER PHENOMENAL: This lavender plant is USDA
		This perennial produces excellent uniform flowers from spring thru early summer. They have a clove-like scent and grow about 6 to 8 inches in a full sun location. The bright purple-pink flower is a real show stopper!			Hardy 7,8,9. Long lavender-purple spikes on vigorous, healthy, uniform mounds of silver foliage. The most heat- and humidity-tolerant variety yet. Grows to 30", Deer Resistant, Fragrant, Mosquito Repellent
438		PERIWINKLE VINCA BOWLES	\$ 13.00	454	SALVIA MAY NIGHT
		An oldie but goodie this perennial is a perfect groundcover for the shade. The small flowers are violet-blue in color against glossy dark green leaves. It will bloom late spring thru summer growing 4 to 6 inches tall.			What a plant butterflies and hummingbirds love it, Deer hate it. Its drought and heat tolerant. Cutting flowers for bouquets encourages new flowers.
440		DEAD NETTLE LAMIUM PURPLE DRAGON	\$ 13.00	456	BLEEDING HEART LUXURIANT
		This superb choice forms a spreading patch of small silver leaves with a wide green edge. Clusters of deep magenta-purple flowers are larger than other varieties. These flowers appear in spring and will then continue off and on until fall. This perennial enjoys morning sun but after being established it is fairly tolerant of dry shade. It will only grow 6 to 8 inches and is not enjoyed by rabbits.			If you love the graceful lacy look of bleeding hearts but want flowers that last beyond spring you need to try this plant. This perennial is fast growing and is a major attractor of butterflies. It will bloom from May to October reaching 12 to 15 inches tall. It will bloom from May to October reaching 12 to 15 inches tall.
442		HEUCHERA HERCULES	\$ 13.00	458	CATMINT NEPETA BLUE WONDER
		Heavy foliage marbled with green and cream color this Heuchera is a must have for the shade garden. An exciting feature of this hummingbird attractor is its deep scarlet red coral bell - flower shoots. These shoots of red appear early to midsummer. This perennial will grow 10 to 15 inches tall with average water needs.			A sun-loving perennial with a long blooming time and large deep blue flowers it will grow best in a sunny spot. Keep in mind that even though it only grows about 12 inches tall it will respond well to cutting back 2/3 in July to promote re-blooming in August to summer's end.
446		STELLA D'ORO DAYLILY	\$ 13.00	460	JACOBS LADDER HEAVENLY HABIT
		This is one of the top daylilies in the country. It will bloom thru the summer and into the fall growing 14 to 16 inches tall. The bright yellow blooms are fragrant and grow in sun or half sun. Besides being very low maintenance this daylily does attract butterfly.			Fragrant, blue flowers is a unique feature of this perennial. It will grow 18 to 20 inches tall blooming primarily in early summer. Cutting this plant back by 1/3 after blooming may encourage sporadic re-blooming in late summer. Preferring afternoon shade it is best to water this plant in the morning.
				462	PHLOX FOREVER PINK
					A very colorful addition to any perennial garden phlox will bloom in early summer and then again in early fall. They will grow 12 to 16 inches and have a slight fragrance. Besides enjoying sun to part sun they are easily cared for.
				464	LIRIOPE
					There's no groundcover known to humankind that's as successful as liriope at preventing erosion on even the steepest hillsides, at surviving wet or bone dry conditions, and doing all that in full sun or deep shade.
